

## FUNDING PROPOSALS AND APPLICATIONS

The School Committee will encourage the administration to seek and secure all possible sources of state, federal, and other special funds that will enhance the educational opportunities for the children in its public schools.

The Superintendent will keep the School Committee informed of all possible funds available to the school system under the various state and federal programs, and in what manner these funds can best be used in the school system.

The Superintendent will be responsible for seeking out and coordinating the development of proposals for all specially funded projects and for submitting the proposals to the Committee for approval.

The Superintendent is authorized to sign all reports for these projects and will be responsible for the proper expenditure of funds received for such projects.

All applications for grants must come before the School Committee before submission to the awarding authority, unless time constraints prohibit such action. In such instances, the Committee will receive the grant at their next regularly scheduled meeting.
